

MTA Insights

MTa Insights is the ultimate trainer's resource. This comprehensive and powerful experiential learning kit contains 53 high impact experiential activities that generate a wide range of learning opportunities in areas such as team skills, leadership, setting priorities, setting objectives for self and others, communication, problem solving and team work.

MTa Insights is incredibly versatile and infinitely flexible. There are activities that will test, challenge and stimulate participants of all levels, from entry level apprentices to the most senior of leaders. The activities range from 10 minute ice-breakers to 3 hour leadership tasks.

Intellectually demanding activities that challenge, question and develop many of the skills, attributes and attitudes required of top performers.

These activities encompass some of the more complex and taxing aspects of leadership in business.
