

CLIMBING MOUNTAIN

EVEREST

ONLINE SIMULATION

SIMULATION DESCRIPTION

Explore group dynamics, leadership and team decision-making with a collaborative multiplayer simulation, in a challenging expedition towards the summit of Mount Everest.

Decide how to effectively distribute supplies and share information needed for the ascent decisions that affect speed, health, and ultimately the team's success.

TOPICS COVERED

Leadership

Group
Decision-Making

Team Work

Communication

LEARNING FOCUS

- Improve teams decision making practices.
- Analyze different leadership approaches and team responses.
- Explore influences on collective decision-making including team dynamics, opposing interests, and cognitive biases.

WHO SHOULD ATTEND?

- Senior and middle managers from a function or industry who want to enhance their business management and leadership abilities.
- The simulation is also ideal for those who are preparing to assume new responsibilities or take advantage of new growth opportunities.

/forio

Forio creates engaging online simulations to train participants from the world's top corporations and universities in Leadership, Finance, Marketing, Negotiation, Operations, Entrepreneurship and Innovation management.

Forio simulations are developed by experts, including faculty at Harvard, MIT, Wharton & other premier business schools.
